T.G Teacher's Guide

```
42- the king is poisoned and moved to the old castle.
41- he realised it would not have helped the King.
                                                   Writing:
43-introduction 44- Supporting sentences 45-There are simple ways to save energy. 46-Quotation marks and a comma
                                                 Translation
                         47- (ج) ليس للتعلم الذاتي أي قواعد أو منهج يجب اتباعه ، فهو مثل قراءة الكتب من مكتبة أو موقع تعليمي.
 48- (a) The love of family and friends is more important than money or a job title. The family is like a tree under which all members gather.
                                            Test 4 on (Units 7 & 8)
                                                  Pages 19-23
 Choose the correct answer:
1- appreciate
                    2- applicants
                                                       4-communicates 5- consultants
                                                                                             6- cons
                                     3- mast
7- tion
                                                       10- installs
                                                                         11- links
                                                                                             12- both a and b
                   8-threatening
                                    9- survived
13- terrified
                   14- test
                                     15- travelled
                                                       16- are to be cleaned
                                                                                   17- being investigated
18-The new Toyota is selling badly.
                                        19- My cat was nowhere to be found
20- I was surprised that he was about to go to London 21- Who were these chairs made by?
                                                                                                  22-had
                                                       26- I had him clean the kitchen.
                   24- installed
                                     25- got
                                                       28- someone else wrote it for him.
27- I think I can get him to help us.
The passage:
29- think of the Environment.
                                     30- They can exchange books.
                                                                          31- reduce air pollution.
32- Recycling save our natural resources.
                                                        33- waste paper is turned into new paper products.
34- pressure
                      35- saves
                                             36- fewer
                                                                   37- increase
                                                                                         38- reuse things
                                                 The Novel:
39- Michael will kill the king and take Strelsau.
                                                        40- hide their evil work.
                                                42- he was never very good at remembering all the rules.
41- both b and c
43- supporting statements 44- conclusion
                                                 45- He said,"I want to go to the dance"
                                                                                                   46-, but
                                                Translation
                                       47- (ج) يُعد الإرهاب ظاهرة عالمية تهدد سلامة الناس واستقرارهم. فليس للإرهاب دين ولا وطن.
 48- (b) The homeland needs to be all one hand that builds and doesn't destroy, reconstructs and doesn't ruin, grows and doesn't burn, educates and doesn't kill.
                                            Test 5 on (Units 9 & 10)
Choose the correct answer:
                                                Pages 24-28
1- reputation 2-conscientious
                                     3- established
                                                       4- gale
                                                                          5- specialize
                                                                                             6- ee
7- toil
                 8- fellows
                                     9- downpour
                                                       10- will
                                                                          11- product
                                                                                             12- grade
13- in vain 14- caused damage
                                   15-told
                                                 16- had been 17- wouldn't attend
                                                                                         18- that day was
                                     21- he said that he had been to Tokyo the week before.
                    20- could see
22- when I was having breakfast, the telephone suddenly rang. 23- he had
                                                                                   24- was writing
25- asked
                   26- whether
                                     27-"Where do you work?" 28- "Please don't burn the cookies."
The passage:
                                     30- crawl around
29- How do bees communicate?
                                                          31- they defend themselves.
                                                                                           32- honey
                                                                                           36- near or far
33-sting
                                     34- home
                                                          35- helpless
37-chemical
                            38- Bees are hardworking and cooperative creatures.
                                                 The Novel:
39- She advised Rassendyll to accept Michael's offer.
                                                               40- guard princess Flavia.
41- No one expected there was a pretend king
                                                               42- they had had a big argument.
                                                   Writing:
                                     44- full stop
                                                                          45- I don't know where Mom is.
43- descriptive
46- The computer has become a part and parcel of day-to-day life.
                                            Translation page 28
                                        47- (ب) لقد تأثر الإقتصاد العالمي بشدة في الأونة الأخيرة نتيجة إنتشار جائحة كورونا.
 48- (a) As long as you are armed with knowledge and hope, no one can defeat you or hinder your success.
                                          Test 6 on (Units 11&12)
Choose the correct answer :
                                                Pages 29-33
1- retrain
                    2- promotion
                                     3- worthwhile
                                                       4- redundant
                                                                          5- employable
                                                                                             6- make up
                    8- both b and c 9- interrupted
                                                       10- defeated
                                                                          11- narrow
                                                                                             12-concentrate
7- mature

                                           Test 7 on (Units 13&14)
                                               Pages 34-38
 Choose the correct answer :
                                    3- diameter
1- investment
                                                      4- positioning
                                                                         5 - power cut
                                                                                           6- regularly
                   2- concrete
7- solar
                   8- rescued
                                    9- sap
                                                      10- calculating
                                                                         11- rubber
                                                                                           12- height
13- instrument
                   14- valuable
                                                      16- can't
                                                                         17- might
                                                                                      18- should not have
                                    15- must
                                                      22- doesn't pass 23- Should
19- could have
                   20- would do
                                   21- will she be
                                                                                           24- didn't
25- had been attacked 26- we regret arriving late. 27- advice
                                                                         28- It always happens
The passage:
29- giving advice on how to stay healthy.
                                           30- both the young and the old. 31- to enjoy their lives.
32- Living a Longer and Healthier Life.
                                            33- eat food high in saturated fats.
                                                                                    34- both a and b
                                            36- meat less in fat
                                                                                    37- in
38- You are the winner in the long run if you sleep well, eat well and exercise well.
                                                 The Novel:
39- she got news that the king is badly injured.
                                                       40- it was war.
41- Michael makes him angry.
                                                       42- open the door at 2 o'clock.
                                                  Writing:
43- A group of sentences that talk about a specific subject. 44- conjunctions
45- because he's funny
                                             46- "Clean your feet before you enter," said his sister.
                                                Translation
                                                   47- (ب) تسعى الحكومة لتحسين النظام التعليمي لمواكبة تحديات العالم.
48- (a) I wish I had studied harder when there was enough time. The wasted time cannot be regained.
                                           Test 8 on (Units 15&16)
                                               Pages 39-43
 Choose the correct answer:
1- drought
                  2- harmful
                                    3- rainfall
                                                       4- valuable
                                                                         5- occured
                                                                                           6- greedy
7- stung
                  8- wrath
                                    9- get rid of
                                                       10- publicity
                                                                         11- ultraviolet
                                                                                           12- ant
                  14- chasers
                                    15- would
                                                                       17-had had
                                                                                      18- had been invited
13- forecast
                                                       16-were
19- I wish he hadn't been driving so fast.
                                                      20- I should have travelled more when I was young.
21- If only you wouldn't drive so fast.
                                                      22- If only I could go out a bit more at the weekend.
